Your Action of the Week: Sign initiative IP 44 - More Treatment, Better Oregon

The coronavirus means that almost no initiatives will appear on the Oregon November 2020 ballot, as signature gathering has stopped.

But there is one with a chance - #IP44, aka 2020 Drug Addiction Treatment and Recovery Act. From the campaign website:

"The idea is straightforward: Instead of arresting and jailing people for drugs, we would begin using some existing marijuana tax money to pay for expanded addiction and recovery services, including supportive housing, to help people get their lives back on track."

The campaign has made it easy and safe to add your signature to get IP44 on the November ballot. All you need to do is click the link, follow the simple instructions and mail the petition back.

Get your petition now. (<https://yesonip44.org/sign-the-petition/>)

Need more information? Here is the campaign FAQs page. (<https://yesonip44.org/faq/>)
